VIRTUES OF THE WEEK

Orderliness: is being neat and living with a sense of harmony. You are organised and you know where things are when you need them. Solve problems step by step instead of going in circles. Order around you creates order inside you. It gives you peace of mind.

Creativity: is the power of imagination. Creativity is a way to develop your special talents. It is seeing something in a new way, finding a different way to solve a problem. Creativity is tuning your imagination to bring something new into the world.
