VIRTUES OF THE WEEK

Helpfulness: is being of service. It is doing useful things for people, such as things they cannot do for themselves, something they do not have time to do, or just little things that make life easier. It is important to be helpful to ourselves too, by taking care of our bodies. There are times when we need help from others. That is a good time to ask for help.

Peacefulness: is an inner sense of calm. It comes especially in quiet moments of reflection or gratitude. It is getting very quiet and looking at things so you can understand them. Peacefulness is a way of approaching conflict with others so that no one is made wrong. It is being fair to others and yourself. Peace is giving up the love of power for the power of love. With peacefulness, everyone wins.
